dr. sc. IVAN BALIĆ dipl. ing. Građ.

Postavljanjem nekoliko infrastrukturnih kralježnica okomito na 7 kaštela dovodi do stvaranja funkcionalnog policentričnog grada na zaljevu. Odabrano područje na ulazu Kaštel Sućurca, sjeverno od Barbarinca, nedefiniranog karaktera i potetnog šireg konteksta pokazuje potencijal za nastanak jedne takve bitne osi. Linija koja omogućava i transformira se u sve ono što je nužno kako bi se taj prostor posložio u red i postao novo središte. Projekt unutar sebe sadrži izgradnju stanovanja, sportsko rekreacijskog parka, gastro kulturnog centra i revitalizaciju otoka Barbarinca.
